

750 Cleaner

Description:

Concreation 750 Cleaner is a biodegradable cleaner with a neutral pH that is safe to use on a variety of surfaces and finishes. The suds will lift and float soil enabling you to attack any cleaning problem, light or heavy duty. Concreation 750 cleaner will not harm floor finishes or coatings and is a perfect product for regular maintenance programs. Concreation 750 Cleaner is also perfect for cleaning equipment, countertops, any tile, steel, painted walls and many more. All surfaces will be left clean with a light citrus fragrance.

For regular cleaning Concreation 750 Cleaner is applied to a pre-dampened surface via sprayer, auto-scrubber, floor-maintainer or mop and bucket. Concreation 750 Cleaner is then scrubbed into the surface which is being treated and rinsed clean to provide a clean residue free surface.

Applications:

- Heavy or light duty cleaning of sensitive surfaces without damage
- Regular maintenance regiments
- Construction cleaner
- Windows and other vertical surfaces
- Vehicles and equipment
- Tools

Features & Benefits:

- Non-toxic, biodegradable formulation
- Non-reactive
- Light citrus fragrance
- Easy application
- Wide range of uses
- Use in auto-scrubbers, floor maintainers or mop & bucket
- Diluted with hot or cold water
- Highly stable in any dilution
- Can be used on virtually any non-absorbent surface

Physical Properties:

Appearance:	Clear green to blue liquid
Density(g/ml):	1.0
Density(lbs/gal):	8.6
VOC – gm./liter:	0
VOC – lbs./gallon:	0

Freeze/Thaw Stability:	Yes
Thermal Stability:	Yes
Mechanical Stability:	Yes
pH:	7
Flash Point (°C):	Not flammable WHMIS
Flash Point (°F):	Not flammable WHMIS
Packaging:	3.79 L (1 gal.) jug/18.9 L (5 gal.) pail
Storage:	Store in a cool dry area. Do not leave pails exposed to sun or hot temperatures.
Shelf Life:	1 yr. if unopened.
